

# Who we are

## What is Hummingbird House?

Hummingbird House is Queensland's only children's hospice, and one of only three children's hospices in Australia. We provide specialised paediatric palliative care services to children and young people with a life-limiting condition,\* helping them make the most of every precious moment they have. Families can choose to access our care and support at our purpose-built home away from home in Brisbane, or in their home or community.

\*Life limiting conditions have no cure and generally result in a child or young person not reaching adulthood (18 years of age).

## What services do we provide?

At Hummingbird House we support guests to live their life to the fullest, for as long as they can. We do this by providing short break stays, crisis or symptom management, family support, neonatal/perinatal support, and a wide range of allied health care. We also provide families a caring embrace when the time comes to say goodbye to their child through end of life care, after death care and grief and bereavement support.

## Who can access Hummingbird House?

Hummingbird House provides care and support to any eligible family in Queensland. Our wide range of services are offered face to face, in a family's home, in the community, or over the phone.

## How much does it cost to receive care and support from Hummingbird House?

Hummingbird House families don't incur any out-of-pocket costs to receive our care and support. We work hard to keep things this way, because we understand that the emotional, physical and financial struggle for some families can be overwhelming. Our support is only possible thanks to the generosity and support of corporate and community supporters - like you.

to learn more and  
donate.**

## How you can help

Each year, the cost to operate Hummingbird House continues to grow while we ensure our services are offered to families at no cost to them. While we receive some funding to cover these costs, we do however have an ongoing gap that requires support from the community to keep things this way.

Your donation, no matter how much you give, will truly make a difference and help us be here for the Queensland families we walk alongside. To learn more about the lifechanging services we provide, or make a donation, visit [www.hummingbirdhouse.org.au](http://www.hummingbirdhouse.org.au).

“From our very first stay Kenz LOVED Hummingbird House. The arts and crafts, music therapy, discos in the pool, parties or just watching the sunset from the rooftop.”

Sheryl, McKenzie's mum
